

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”) and regulations made thereunder; (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act (“FSMA”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA and regulations made thereunder; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA and regulations made thereunder (the “UK Prospectus Regulation”). Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA and regulations made thereunder (the “UK PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

The Notes are intended to qualify as eligible debt securities for purposes of the Federal Reserve's total loss-absorbing capacity ("TLAC") rule. As a result, in the event of a Citigroup Inc. bankruptcy, Citigroup Inc.'s losses and any losses incurred by its subsidiaries would be imposed first on Citigroup Inc.'s shareholders and then on its unsecured creditors, including the holders of the Notes. Further, in a bankruptcy proceeding of Citigroup Inc., any value realised by holders of the Notes may not be sufficient to repay the amounts owed on the Notes. For more information about the consequences of TLAC on the notes, you should refer to "Citi Resolution Plan (CSA, etc.) in relation to Notes issued by Citigroup Inc." in the section "Description of Citigroup Inc." in the Citigroup Inc. Rates Base Prospectus.

Subject as provided above, any person making or intending to make an offer of the Notes in any Member State of the EEA may only do so:

- (a) in those Public Offer Jurisdictions mentioned in item 7 of

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or any state securities law. The Notes do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the United States Commodity Exchange Act, as amended, and trading in the Notes has not been approved by the United States Commodity Futures Trading Commission under the United States Commodity Exchange Act, as amended. For a description of certain restrictions on offers and sales of Notes, see "*General Information relating to the Programme and the Notes - Subscription and Sale and Transfer and Selling Restrictions*" in the Base Prospectus.

PART B – OTHER INFORMATION

1. LISTING AND ADMISSION TO TRADING

Admission to trading and listing

Application has been made by the Issuer (or on its behalf) for the Notes to be admitted to trading on the multilateral trading facility of EuroTLX managed by Borsa Italiana S.p.A. ("EuroTLX") with effect from on or around the Issue Date.

2. RATINGS

Ratings:

The Notes are not rated.

3. INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE/OFFER

Save for the distribution fees described in Paragraph 9 below payable to the Distributor, so far as the Issuer is aware, no person involved in the offer of the Notes has an interest material to the Offer.

4. REASONS FOR THE OFFER, ESTIMATED NET PROCEEDS AND TOTAL EXPENSES

(i) Reasons for the offer:

The Issuer intends to allocate an amount equal to the net proceeds of the Notes to finance or refinance a portion of certain of its or its subsidiaries' portfolio of assets (such assets, the **Social Finance Assets** and any such portfolio, the **Social Finance Assets Portfolio**) that meet Citigroup's Social Finance Asset Portfolio Eligibility Criteria (as specified in the Framework) and do not meet any of the Exclusionary Criteria (as specified in the Framework). You should make your own independent decision to invest in the Notes and as to whether an investment in such Notes is appropriate or proper for you based upon your own judgement, circumstances and investment criteria or guidelines and upon advice from such advisers as you may deem necessary.

The Framework

The Group has developed the Citigroup's Social Finance Framework (the **Framework**) for securities issuances in order to support lending to social businesses across Citigroup's emerging market footprint. The below description is based on the Framework as at the date of these Final Terms. However, the

Framework may be amended or updated from time to time and should therefore refer to the most recent version of the Framework which will be available on the Group's website (https://www.citigroup.com/citi/fixedincome/social_finance_bonds.htm).

The Framework has been developed in line with the International Capital Market Association (ICMA) Social Bond Principles 2021. As at the date of these Final Terms, the Framework has received a “second party opinion” by an independent consultant as detailed therein. Any such opinion is only current as of the date that opinion was issued and is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold the Notes. You must determine for yourself the relevance of any such opinion and/or the information contained therein for the purpose of any investment in the Notes. As at the date of these Final Terms, the providers of such opinions are not subject to any specific oversight or regulatory or other regime. For the avoidance of doubt, the Framework and any such opinion are not, nor shall be deemed to be, incorporated in and/or form part of these Final Terms or the Base Prospectus.

Social Finance Assets

The Social Finance Assets must meet the Social Finance Asset Portfolio Eligibility Criteria by falling into one of the categories outlined below:

- (1) *Access to Essential Services*: Financing expanding access to financial services to unbanked and underserved individuals and small and medium-sized enterprises (SMEs);
- (2) *Affordable Housing*: Financing for companies and financial service providers enabling access to housing and housing improvements for underserved individuals;
- (3) *Affordable Basic Infrastructure*: Financing for companies that expand availability of water, sanitation, or clean energy for off-grid communities in emerging markets;
- (4) *Access to Essential Services (Healthcare)*: Financing for companies that expand access to inclusive healthcare, ensure healthy lives and

promote well-being for underserved individuals lacking access to healthcare and in emerging markets;

(5) *Access to Essential Services (Education)*: Financing for companies and organizations that deliver and promote inclusive lifelong learning opportunities for underserved individuals lacking access to education and in emerging markets; and

(6) *Access to Essential Services (Smallholder Farmer Finance)*: Financing for social enterprises that deliver products and services to smallholder farmers.

The Group has developed a list of exclusionary criteria for the use of the proceeds from the Notes (the **Exclusionary Criteria**) (for example, certain loans or investments (i) for projects in high income economies, (ii) in institutions not meeting employment regulations, (iii) supporting fossil fuel energy generation, (iv) which may result in economic loss to the Group, (v) in activities which are incompatible with the Framework or the Group's social finance criteria or which generate significant adverse social impacts or (vi) in "prohibited activities" as defined in the Framework) and commits itself to not intentionally including any of the projects or activities in the Social Finance Asset Portfolio.

Eligible Social Finance Asset Selection and Evaluation Process

The Group's specialist Social Finance team will review assets to check they meet the Social Finance Eligibility Criteria and will identify a unique Social Finance Asset Portfolio for the aggregate principal amount of notes issued during a given reporting period that are intended to be used for Social Finance Assets (**Social Finance Bonds**). Once screened, Social Finance Assets will be added to the relevant Social Finance Asset Portfolio. The selection process for the Social Finance Assets takes into account whether the potential eligible asset satisfies the criteria for inclusion in the Social Finance Assets Portfolio. Additionally, the selection of Social Finance Assets is also governed by risk approval guidelines and credit monitoring standards in each relevant jurisdiction. If the

Group's investment in any asset in any Social Finance Asset Portfolio is terminated or if an asset no longer meets the Social Finance Asset Portfolio Eligibility Criteria or satisfies any of the Exclusionary Criteria, the Social Finance team will remove such asset from the relevant Social Finance Asset Portfolio and may include additional eligible assets in a Social Finance Asset Portfolio.

Management of Proceeds

The Group's Sustainable Bond Working Group (the **SB Working Group**) is responsible for oversight of the Social Finance Asset Portfolio, and its responsibilities include monitoring the total aggregate amount of Social Finance Bonds issued and tracking the portfolio using an internal asset management system. The SB Working Group aims to ensure that the aggregate amount in each Social Finance Asset Portfolio is equal to or greater than the aggregate amount raised by notes issued during the associated reporting period by reviewing the aggregate size and maturity of the Social Finance Asset Portfolio each quarter. If for any reason the aggregate amount in any Social Finance Asset Portfolio is less than the total outstanding amount of such Social Finance Bonds issued, the Group will assign the unallocated balance to cash, cash equivalents and/or other liquid marketable instruments (including U.S. Treasury securities) until the amount can be allocated towards the Social Finance Asset Portfolio.

Reporting

The Group will publish a report (the **Sustainable Bond Report**) on its website (https://www.citigroup.com/citi/fixedincome/social_finance_bonds.htm) within one year from issuance of the Group's inaugural Social Finance Bonds and will renew such report annually until full allocation of the proceeds and in case of any material changes. The Sustainable Bond Report will cover allocation and impact reporting for all Social Finance Bonds issued during the reporting period specified therein and will provide updated information should a material change in the Social Finance Asset Portfolio occur. You should note that no other or separate notification will be provided to investors in

particular Social Finance Bonds as to the Social Finance Asset Portfolio.

External Review

The Group will engage external independent accountants to review that the assets included in the Social Finance Asset Portfolio meet the Social Finance Asset Portfolio Eligibility Criteria and are not invested in assets defined in the Exclusionary Criteria. Further, the independent accountants will be engaged to confirm that the aggregate amount in the Social Finance Bond Asset Portfolio is equal to or greater than the aggregate amount raised by the relevant Social Finance Bonds and, to the extent the total amount of the relevant outstanding Social Finance Bonds is greater than the aggregate amount in the Social Finance Asset Portfolio, that the difference is held in cash, cash equivalents and/or other liquid marketable instruments (including U.S. Treasury securities) in the Group's liquidity portfolio. Any review report is only current as of the date that report was issued and you must determine for yourself the relevance of any such report and/or the information contained therein for the purposes of your own investment considerations or expectations.

For the avoidance of doubt, neither the Sustainable Bond Report nor the report of any third party is, or shall be deemed to be, incorporated in and/or form part of these Final Terms or the Base Prospectus and is not, nor should be deemed to be a recommendation by the Issuer or any Dealer to buy, sell or hold the Notes.

(ii) Estimated net proceeds: An amount equal to the final Aggregate Principal Amount of the Notes issued on the Issue Date.

For the avoidance of doubt, the estimated net proceeds reflect the proceeds to be received by the Issuer on the Issue Date. They are not a reflection of the fees payable by/to the Dealer and the Distributor(s)

(iii) Estimated total expenses: Approximately EUR 8.000 (legal expenses)

Investors should take into account that if the Notes are sold on the secondary market after the Italian Offer Period, the above mentioned commissions included in the Offer Price are not taken into consideration in determining the price at which such Notes may be sold in the secondary market of each Note.

Conditions to which the offer is subject: The offer of the Notes is conditional on their issue. The Issuer may at any time during the Italian Offer Period terminate early the Italian Offer Period and immediately suspend the acceptance of additional orders without any prior notice. What are the key risks that are specific to the Issuer?

The Issuer is subject to the following key risks:

- The Issuer is a holding company that does not engage in any material amount of business activities that generate revenues. It services its obligations primarily with dividends and advances from its subsidiaries. Its subsidiaries that operate in the banking, insurance and securities businesses can only pay dividends if they are in compliance with applicable regulatory requirements imposed on them by federal and state regulatory authorities, and may also be subject to credit agreements that may restrict their ability to pay dividends. If such subsidiaries do not realise sufficient earnings to satisfy applicable regulatory requirements, or if such requirements are changed to further restrict the ability of such subsidiaries to pay dividends to the Issuer, the Issuer's ability to fulfil its obligations under the Notes may be adversely affected, and consequently the value of and return on the Notes may be adversely affected.
- The Issuer is expected to act as a source of financial strength for its subsidiary banks and to commit resources to support such banks. As a result, the Issuer may be required to commit resources (in the form of investments or loans) to its subsidiary banks in amounts or at times that could adversely affect its ability to also fulfil its obligations under the Notes, and consequently the value of and return on the Notes.
- The Issuer may not be able to maintain its current ratings. If a rating agency reduces, suspends or withdraws its rating of the Issuer and/or any affiliate thereof, the liquidity and market value of the Notes are likely to be adversely affected. In addition, ratings downgrades could have a significant and immediate impact on the Issuer's funding and liquidity through cash obligations, reduced funding capacity and derivative triggers and additional margin requirements. Ratings downgrades could also have a negative impact on other funding sources, such as secured financing and other margin requirements, for which there are no explicit triggers. A reduction in the Issuer's or its subsidiaries' credit ratings could also widen the Issuer's credit spreads or otherwise increase its borrowing costs and limit its access to the capital markets. Any of the foregoing factors may negatively impact the value of and return on the Notes.
- Adequate liquidity and sources of funding are essential to the Issuer's businesses, and can be significantly and negatively impacted by factors the Issuer cannot control, such as general disruptions in the financial markets, governmental fiscal and monetary policies, regulatory changes or negative investor perceptions of the Issuer's creditworthiness. The Issuer's ability to obtain funding may be impaired if other market participants are seeking to access the markets at the same time, or if market appetite declines, as is likely to occur in a liquidity stress event or other market crisis. A sudden drop in market liquidity could also cause a temporary or lengthier dislocation of underwriting and capital markets activity. In addition, clearing organisations, central banks, clients and financial

institutions with which the Issuer interacts may exercise the right to require additional collateral based on their perceptions or the market conditions, which could further impair the Issuer's access to and cost of funding. These factors may negatively impact the market value of the Notes.

- The COVID-19 pandemic has had, and may continue to have, negative impacts on the businesses and overall results of operations and financial condition of Citigroup Inc. and its subsidiaries (the "**Group**") which could be material. Any such negative impact on the Group (including the Issuer), could adversely affect the ability of the Issuer to fulfil its obligations under the Notes, and consequently the value of and return on the Notes may also be adversely affected.
- Following the military action by Russia in Ukraine, the U.S. has imposed, and is likely to impose material additional, financial and economic sanctions and export controls against certain Russian organisations and/or individuals, with similar actions implemented and/or planned by the European Union, the UK and other jurisdictions. The Group's ability to engage in activity with certain consumer and institutional businesses in Russia and Ukraine or involving certain Russian or Ukrainian businesses and customers is dependent in part upon whether such engagement is restricted under any current or expected U.S., European Union, UK or other countries' sanctions and laws, or is otherwise discontinued in light of these developments. Sanctions and export controls, as well as any actions by Russia, could adversely affect the Group's business activities and customers in and from Russia and Ukraine. Any negative impact of Russia's actions in Ukraine, and related sanctions, export controls and similar actions or laws on the Group, including the Issuer, could adversely affect the ability of the Issuer to fulfil its obligations under the Notes, and the value of and return on the Notes may also be adversely affected.

Rights attached to the Notes: The return on the Notes will derive from the Interest Amount payable (if any) and, unless the Notes have been previously redeemed or purchased and cancelled, the payment of the Redemption Amount on the Maturity Date of the Notes.

Interest: The interest amount (if any) due on each interest payment date is determined as set out below:

FLOATING RATE NOTES: The Notes are Floating Rate Notes which means that they bear interest from the Issue Date at a floating interest rate calculated by reference to 3 months EURIBOR in respect of each interest period ending on (but excluding) 12 January, 12 April, 12 July, 12 October of each year starting on (and including) 12 October 2022 to (and including) the Maturity Date.

Redemption: Subject to any early redemption, purchase and cancellation, the Notes will be redeemed on the Maturity Date at 100 per cent. of their nominal amount

Early Redemption: The Notes may be redeemed early following the occurrence of certain specified events or circumstances (including, for example, events of default and circumstances relating to taxation and illegality) at an amount which will be equal to the principal amount plus accrued interest (if any), as determined by the calculation agent in accordance with the terms and conditions of the Notes.

Meetings: The terms and conditions of the Notes contain provisions for calling meetings of holders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority.

Governing law: The Notes will be governed by New York Law.

Acknowledgement of United States special resolution regimes: The Notes contain an express contractual recognition that, in the event the Issuer becomes subject to a proceeding under a U.S. special resolution regime, the transfer of Notes to which the relevant U.S. legislation applies (and the transfer of any interest and obligation in or under such Notes) from the Issuer will be effective to the same extent as the transfer would be effective under such U.S. special resolution regime. In addition, the Notes contain an express contractual

recognition that, in the event the Issuer and any of its affiliates becomes subject to a proceeding under a U.S. special resolution regime, certain default rights against the Issuer with respect to such Notes, are permitted to be exercised to no greater extent than they could be exercised under such U.S. special resolution regime. The exercise of any power under the U.S. special resolution regimes could materially adversely affect the rights of the holders of such Notes, and accordingly, the price or value of their investment in such Notes.

Status of the Notes: The Notes constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and will at all times rank *pari passu* and ratably among themselves and at least *pari passu* with all other unsecured and unsubordinated outstanding obligations of the Issuer, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.

Description of restrictions on free transferability of the Notes: The Notes will be transferable, subject to offering, selling and transfer restrictions of the laws of any jurisdiction in which the Notes are offered or sold.

Where will the Notes be traded?

Application has been made by the Issuer (or on its behalf) for the Notes to be admitted to trading on the multilateral trading facility of EuroTLX managed by Borsa Italiana S.p.A. ("**EuroTLX**").

The EuroTLX is not a regulated market for the purpose of Directive 2014/65/EU (as amended, varied or replaced from time to time).

What are the key risks that are specific to the Notes?

The Notes are subject to the following key risks:

- The Notes are subject to usury limits which limit the amount of interest which may be paid on the Notes to 25 per cent. per annum on a simple interest basis.
- *Notes with variable or changeable interest rates or which include a multiplier or other leverage factor:* Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features. Any such volatility may have a material adverse effect on the value of and return on the Notes.
- As amounts payable under the Notes are subject to a cap, your ability to participate in any change in the value of the relevant interest rate over the term of the Notes will be limited, no matter how much the relevant value increases. Accordingly, the value of or return on the Notes may be significantly less than if the cap had not applied or you had purchased another product not subject to a cap.
- *Credit Risk:* The Issuer's obligations under the Notes represent general contractual obligations of each respective entity and of no other person. Accordingly, payments under the Notes are subject to the credit risk of the Issuer. Noteholders will not have recourse to any secured assets of the Issuer in the event that the Issuer is unable to meet its obligations under the Notes, including in the event of an insolvency, and therefore risk losing some or all of their investment.
- *Market Risk:* Notes may have no established trading market when issued, and one may never develop, so investors should be prepared to hold the Notes until maturity. If a market does develop, it may not be very liquid. Consequently, you may not be able to sell your Notes easily or at all or at prices equal to or higher than your initial investment and in fact any such price may be substantially less than the original purchase price. Illiquidity may have a severely adverse effect on the market value of Notes.
- Certain base rates including EURIBOR are the subject of ongoing national and international regulatory scrutiny and reform and any such reform and/or eventual replacement with risk-free rates may cause the relevant rate to perform differently than in the past, to disappear or have other consequences which cannot be predicted. Following the occurrence of any material change to any relevant rate or events affecting authorisations or licensing or if the relevant rate is no longer representative of the relevant market, the terms of the Notes may be amended to account for any such event, which may result in a lower return on the Notes, or the Notes may be early redeemed.
- *Early redemption:* In certain circumstances (for example, following an event of default or for reasons relating to taxation or illegality), the Notes may be early redeemed. If the Notes are redeemed early, the amount paid may be less than your initial investment and you may therefore sustain a loss.

Under which conditions and timetable can I invest in the Notes?

Within such period investors may communicate their withdrawal to the relevant placer without any charge or commission.

The Offer Price is EUR 1,000 per Note (the "**Issue Price**").

The Issuer reserves the right, in agreement with the Distributor, to increase the number of Notes to be issued during the Offer Period.

The effectiveness of the offer of the Notes is conditional upon the admission to trading of the Notes on the EuroTLX market, a multilateral trading facility organised and managed by Borsa Italiana S.p.A., occurring by the issue date, being 12 July 2022. As between the Authorised Offeror and its customers, offers of the Notes are further subject to such conditions as may be agreed between them and/or as is specified in the arrangements in place between them.

Estimated expenses or taxes charged to the investor by issuer/offeror: The Issue Price of EUR 1,000 per Note includes a distribution fee of up to 0.50 per cent. (0.50 %) of the Issue Price paid by the Dealer to the Distributor.

The exact amount of the distribution fee will be published not later than five Business Days after close of the Offer Period on the website of the Issuer (<https://it.citifirst.com>).

Who is the offeror and/or the person asking for admission to trading?

See the item entitled "Authorised Offeror(s)" above. The Issuer is the entity requesting for the admission to trading of the Notes.

Why is the Prospectus being produced?

Use and estimated net amount of proceeds: The Issuer intends to allocate an amount equal to the net proceeds of the Notes to finance or refinance a portion of certain of its or its subsidiaries' portfolio of assets (such assets, the **Social Finance Assets** and any such portfolio, the **Social Finance Assets Portfolio**) that meet Citigroup's Social Finance Asset Portfolio Eligibility Criteria (as specified in the Framework) and do not meet any of the Exclusionary Criteria (as specified in the Framework). You should make your own independent decision to invest in the Notes and as to whether an investment in such Notes is appropriate or proper for you based upon your own judgement, circumstances and investment criteria or guidelines and upon advice from such advisers as you may deem necessary.

The Framework

The Group has developed the Citigroup's Social Finance Framework (the **Framework**) for securities issuances in order to support lending to social businesses across Citigroup's emerging market footprint. The below description is based on the Framework as at the date of these Final Terms. However, the Framework may be amended or updated from time to time and should therefore refer to the most recent version of the Framework which will be available on the Group's website (https://www.citigroup.com/citi/fixedincome/social_finance_bonds.htm).

The Framework has been developed in line with the International Capital Market Association (ICMA) Social Bond Principles 2021. As at the date of these Final Terms, the Framework has received a "second party opinion" by an independent consultant as detailed therein. Any such opinion is only current as of the date that opinion was issued and is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold the Notes. You must determine for yourself the relevance of any such opinion and/or the information contained therein for the purpose of any investment in the Notes. As at the date of these Final Terms, the providers of such opinions are not subject to any specific oversight or regulatory or other regime. For the avoidance of doubt, the Framework and any such opinion are not, nor shall be deemed to be, incorporated in and/or form part of these Final Terms or the Base Prospectus.

Social Finance Assets

The Social Finance Assets must meet the Social Finance Asset Portfolio Eligibility Criteria by falling into one of the categories outlined below:

(1) *Access to Essential Services:* Financing expanding access to financial services to unbanked and underserved individuals and small and medium-sized enterprises (SMEs);

(2) *Affordable Housing:* Financing for companies and financial service providers enabling access to housing and housing improvements for underserved individuals;

(3) *Affordable Basic Infrastructure*: Financing for companies that expand availability of water, sanitation, or clean energy for off-grid communities in emerging markets;

(4) *Access to Essential Services (Healthcare)*: Financing for companies that expand access to inclusive healthcare, ensure healthy lives and promote well-being for underserved individuals lacking access to healthcare and in emerging markets;

(5) *Access to Essential Services (Education)*: Financing for companies and organizations that deliver and promote inclusive lifelong learning opportunities for underserved individuals lacking access to education and in emerging markets; and

(6) *Access to Essential Services (Smallholder Farmer Finance)*: Financing for social enterprises that deliver products and services to smallholder farmers.

The Group has developed a list of exclusionary criteria for the use of the proceeds from the Notes (the **Exclusionary Criteria**) (for example, certain loans or investments (i) for projects in high income economies, (ii) in institutions not meeting employment regulations, (iii) supporting fossil fuel energy generation, (iv) which may result in economic loss to the Group, (v) in activities which are incompatible with the Framework or the Group's social finance criteria or which generate significant adverse social impacts or (vi) in "prohibited activities" as defined in the Framework) and commits itself to not intentionally including any of the projects or activities in the Social Finance Asset Portfolio.

Eligible Social Finance Asset Selection and Evaluation Process

The Group's specialist Social Finance team will review assets to check they meet the Social Finance Eligibility Criteria and will identify a unique Social Finance Asset Portfolio for the aggregate principal amount of notes issued during a given reporting period that are intended to be used for Social Finance Assets (**Social Finance Bonds**). Once screened, Social Finance Assets will be added to the relevant Social Finance Asset Portfolio. The selection process for the Social Finance Assets takes into account whether the potential eligible asset satisfies the criteria for inclusion in the Social Finance Assets Portfolio. Additionally, the selection of Social Finance Assets is also governed by risk approval guidelines and credit monitoring standards in each relevant jurisdiction. If the Group's investment in any asset in any Social Finance Asset Portfolio is terminated or if an asset no longer meets the Social Finance Asset Portfolio Eligibility Criteria or satisfies any of the Exclusionary Criteria, the Social Finance team will remove such asset from the relevant Social Finance Asset Portfolio and may include additional eligible assets in a Social Finance Asset Portfolio.

Management of Proceeds

The Group's Sustainable Bond Working Group (the **SB Working Group**) is responsible for oversight of the Social Finance Asset Portfolio, and its responsibilities include monitoring the total aggregate amount of Social Finance Bonds issued and tracking the portfolio using an internal asset management system. The SB Working Group aims to ensure that the aggregate amount in each Social Finance Asset Portfolio is equal to or greater than the aggregate amount raised by notes issued during the associated reporting period by reviewing the aggregate size and maturity of the Social Finance Asset Portfolio each quarter. If for any reason the aggregate amount in any Social Finance Asset Portfolio is less than the total outstanding amount of such Social Finance Bonds issued, the Group will assign the unallocated balance to cash, cash equivalents and/or other liquid marketable instruments (including U.S. Treasury securities) until the amount can be allocated towards the Social Finance Asset Portfolio.

Reporting

The Group will publish a report (the **Sustainable Bond Report**) on its website (https://www.citigroup.com/citi/fixedincome/social_finance_bonds.htm) within one year from issuance of the Group's inaugural Social Finance Bonds and will renew such report annually until full allocation of the proceeds and in case of any material changes. The Sustainable Bond Report will cover allocation and impact reporting for all Social Finance Bonds issued during the reporting period specified therein and will provide updated information should a material change in the Social Finance Asset Portfolio occur. You should note that no other or separate notification will be provided to investors in particular Social Finance Bonds as to the Social Finance Asset Portfolio.

Quali sono i principali fattori di rischio specifici relativi all'Emittente?				
L'Emittente è esposto ai seguenti fattori di rischio principali:				
<ul style="list-style-type: none"> • L'Emittente è una holding che non svolge alcuna attività commerciale rilevante che genera ricavi. Adempie alle proprie obbligazioni principalmente con dividendi e anticipi che riceve dalle proprie controllate. Le sue controllate che operano nel settore bancario, assicurativo e finanziario possono pagare i dividendi solo se sono conformi ai requisiti regolamentari a loro applicabili imposti dalle autorità regolamentari federali o statali e possono inoltre essere soggette a contratti di credito che possono limitarne la capacità di pagamento dei dividendi. Nel caso in cui tali controllate non realizzino utili sufficienti per soddisfare i requisiti regolamentari applicabili, o se tali requisiti sono cambiati limitando ulteriormente la capacità di tali controllate di pagare i dividendi all'Emittente, la capacità dell'Emittente di adempiere agli obblighi che gli competono ai sensi dei Titoli potrebbe risentirne negativamente e di conseguenza anche il valore e il rendimento dei Titoli potrebbero risentirne negativamente. • L'Emittente è tenuto a conferire solidità finanziaria alle proprie banche controllate e ad impegnare risorse per sostenere tali banche. Di conseguenza, l'Emittente potrebbe essere tenuto a impegnare risorse (sotto forma di investimenti o prestiti) in favore delle sue banche controllate per importi o in momenti tali da incidere negativamente sulla sua capacità di adempiere agli obblighi che gli competono ai sensi dei Titoli e, di conseguenza, sul valore e sul rendimento dei Titoli. 				

- L'Emittente potrebbe non essere in grado di mantenere il proprio rating attuale. Qualora un'agenzia di rating riduca, sospenda o ritiri il rating assegnato all'Emittente e/o a una qualunque delle sue collegate, è probabile che la liquidità e il valore di mercato dei Titoli ne risentano negativamente. Inoltre, i declassamenti del rating potrebbero avere un impatto significativo e immediato sulla capacità dell'Emittente di raccogliere fondi e liquidità, comportando obblighi di liquidità, riducendo la capacità di finanziamento, attivando trigger su derivati e imponendo requisiti di margine aggiuntivi. Un declassamento dei rating potrebbe avere un impatto negativo anche su altre fonti di finanziamento, ad esempio il finanziamento garantito e altri requisiti di margine, per le quali non esistono trigger espliciti. Una riduzione dei rating creditizi dell'Emittente o delle relative controllate potrebbe inoltre ampliare gli spread creditizi dell'Emittente o comunque aumentarne gli oneri di finanziamento e limitarne l'accesso ai mercati dei capitali. Qualunque fattore sopramenzionato può influire negativamente sul valore e sul rendimento dei Titoli.
- Liquidità e fonti di finanziamento adeguate sono essenziali per le attività dell'Emittente e possono risentire in misura estremamente negativa di fattori che ricadono fuori del controllo dell'Emittente, come eventi di turbativa generale dei mercati finanziari, adozione di politiche fiscali e monetarie da parte delle autorità, modifiche regolamentari o percezioni negative degli investitori dell'affidabilità creditizia dell'Emittente. La capacità dell'Emittente di ottenere finanziamenti può risultare compromessa se altri operatori di mercato cercano di accedere ai mercati allo stesso tempo o se la propensione del mercato diminuisce, come è probabile in caso di tensioni di liquidità o altra crisi di mercato. Inoltre, un improvviso calo della liquidità di mercato potrebbe causare una dislocazione più o meno lunga dell'attività di sottoscrizione e dei mercati dei capitali. Inoltre, gli organismi di compensazione, le banche centrali, i clienti e gli istituti finanziari con cui l'Emittente interagisce possono esercitare il diritto di richiedere garanzie collaterali aggiuntive in base alle loro percezioni o alle condizioni di mercato, che potrebbero ulteriormente compromettere l'accesso dell'Emittente ai finanziamenti e il costo degli stessi. Questi fattori possono influire negativamente sul valore di mercato dei Titoli.
- La pandemia di COVID-19 ha prodotto, e potrebbe continuare a produrre, impatti negativi potenzialmente rilevanti sulle attività e i risultati complessivi delle operazioni e sulle condizioni finanziarie di Citigroup Inc. e relative controllate (il "**Gruppo**"). Qualsiasi impatto negativo di questo tipo sul Gruppo (Emittente incluso) potrebbe influire negativamente sulla capacità dell'Emittente di adempiere agli obblighi che gli competono ai sensi dei Titoli e, di conseguenza, anche il valore e il rendimento dei Titoli potrebbero esserne negativamente influenzati.
- A seguito dell'azione militare della Russia in Ucraina, gli Stati Uniti hanno imposto, e probabilmente imporranno ulteriori sanzioni finanziarie ed economiche e controlli sulle esportazioni nei confronti di alcune organizzazioni e/o individui Russi, con azioni simili attuate e/o pianificate dall'Unione Europea, dal Regno Unito e da altre giurisdizioni. La capacità del Gruppo di impegnarsi in attività con determinate imprese di consumo e istituzionali in Russia e Ucraina o che coinvolgono alcune imprese e clienti russi o ucraini dipende in parte dal fatto che tale impegno sia limitato o meno da qualsiasi azione in corso o prevista dagli Stati Uniti, Unione Europea, Regno Unito o da sanzioni e leggi di altri paesi, o sia diversamente interrotto alla luce di questi sviluppi. Sanzioni e controlli sulle esportazioni così come eventuali azioni da parte della Russia, potrebbero influenzare negativamente le attività commerciali del Gruppo e i clienti in e dalla Russia e dall'Ucraina. Qualsiasi impatto negativo delle azioni della Russia in Ucraina, e relative sanzioni, controlli sulle esportazioni e azioni o leggi simili sul Gruppo, incluso l'Emittente, potrebbe influenzare negativamente la capacità dell'Emittente di adempiere ai propri obblighi ai sensi dei Titoli, e anche il valore e il rendimento dei Titoli potrebbero essere influenzati negativamente.

EUR 50.000.000,00.

Data di Scadenza: 12 luglio 2026. Questa è la data in cui è previsto il rimborso dei Titoli, salvo adeguamento per giorni non lavorativi e salvo rimborso anticipato dei Titoli.

Diritti connessi ai Titoli: Il rendimento dei Titoli deriverà da l'Importo dovuto per Interessi (se del caso) e, tranne nel caso in cui i Titoli siano stati precedentemente rimborsati o acquistati e annullati, il pagamento dell'Importo di Rimborso alla Data di Scadenza dei Titoli.

Interessi: L'Importo dovuto per Interessi (se del caso) a ogni data di pagamento degli interessi è determinato come indicato di seguito:

TITOLI A TASSO VARIABILE: I Titoli sono *Notes* a tasso variabile; questo significa che maturano interessi dalla Data di Emissione al tasso di interesse variabile calcolato con riferimento all'EURIBOR a 3 mesi per ciascun periodo di interesse che termina il (ma escluso) 12 gennaio, 12 aprile, 12 luglio, 12 ottobre di ogni anno a partire dal (ed incluso) 12 ottobre 2022 alla (ed inclusa) Data di Scadenza.

Gli interessi sono dovuti trimestralmente in via posticipata il 12 gennaio, 12 aprile, 12 luglio, 12 ottobre di ogni anno a partire da (e incluso) il 12 ottobre 2022 fino a (e incluso) la Data di Scadenza.

Il tasso di interesse relativo ai periodi di interesse che terminano alla(e) data(e) di fine periodo di interesse sopra specificata(e) è soggetto a un tasso di interesse minimo e a un tasso di interesse massimo (*collar*) rispettivamente di 1,80 per cento per annum e 4,00 per cento per annum.

Rimborso: Fatti salvi un eventuale rimborso anticipato, acquisto e annullamento, i Titoli saranno rimborsati alla Data di Scadenza al 100 per cento del loro importo nominale.

Rimborso Anticipato: I Titoli possono essere rimborsati anticipatamente, a seguito del verificarsi di determinati eventi o circostanze specifiche (inclusi ad esempio un evento di *default* e circostanze relative a motivi fiscali o di illegalità), ad un importo che sarà pari al valore nominale più gli interessi maturati (ove presenti), come determinato dall'agente per il calcolo conformemente ai termini e alle condizioni dei Titoli.

Assemblee: I termini e le condizioni dei Titoli contengono disposizioni per la convocazione di assemblee dei portatori per valutare questioni aventi un impatto sui loro interessi in generale. Tali disposizioni consentono a maggioranze predefinite di vincolare tutti i portatori, inclusi i portatori che non abbiano partecipato e votato all'assemblea del caso e i portatori che abbiano votato in maniera contraria alla maggioranza.

Diritto applicabile: I Titoli saranno disciplinati dal diritto dello Stato del New York.

Riconoscimento dei regimi di risoluzione speciale degli Stati Uniti: I Titoli contengono un esplicito riconoscimento contrattuale in base al quale, qualora l'Emittente diventi oggetto di un'azione legale ai sensi di un regime di risoluzione speciale degli Stati Uniti, il trasferimento dei Titoli a cui si applica la legislazione statunitense pertinente (e il trasferimento di qualsiasi interesse e obbligo inerente a o derivante da tali Titoli) fornito dall'Emittente sarà efficace solo nella misura in cui in cui tale trasferimento sarebbe efficace ai sensi di tale regime di risoluzione speciale degli Stati Uniti. Inoltre, i Titoli contengono un esplicito riconoscimento contrattuale in base al quale, qualora l'Emittente e le relative collegate diventino oggetto di un procedimento ai sensi di un regime di risoluzione speciale degli Stati Uniti, determinati diritti per inadempienza nei confronti dell'Emittente in relazione a tali Titoli possono essere esercitati solo nella misura consentita ai sensi di tale regime di risoluzione speciale degli Stati Uniti. L'esercizio di qualsiasi facoltà ai sensi dei regimi di risoluzione speciale degli Stati Uniti potrebbe influire in misura significativamente negativa sui diritti dei portatori di tali Titoli e, di conseguenza, sul prezzo o sul valore del loro investimento in tali Titoli.

Status dei Titoli: I Titoli costituiscono obbligazioni dirette, non condizionate, non subordinate e non garantite dell'Emittente e si classificheranno in ogni momento *pari passu* e pro quota tra loro e almeno *pari passu* rispetto a tutte le altre obbligazioni non garantite e non subordinate in circolazione dell'Emittente, salvo le obbligazioni privilegiate ai sensi di leggi inderogabili e di applicazione generale.

Descrizione delle restrizioni alla libera trasferibilità dei Titoli: I Titoli saranno trasferibili, salvo le restrizioni di offerta, vendita e trasferimento previste dalle leggi vigenti in qualsiasi giurisdizione in cui i Titoli sono offerti o venduti.

Dove verranno negoziati i Titoli?

È stata depositata dall'Emittente (o per suo conto) una richiesta di ammissione alla negoziazione dei Titoli sul sistema multilaterale di negoziazione EuroTLX gestito da Borsa Italiana S.p.A. ("EuroTLX").

Il Mercato EuroTLX non è un mercato regolamentato ai sensi della Direttiva 2014/65/UE (come modificata o sostituita di volta in volta).

Quali sono i principali fattori di rischio specifici relativi ai Titoli?

I Titoli sono esposti ai seguenti fattori di rischio principali:

- I Titoli sono soggetti a limiti di usura che limitano l'importo degli interessi che possono essere pagati sui Titoli al 25 per cento per annum a tasso semplice.
- *Titoli con tassi di interesse variabile o che includono un moltiplicatore o un altro fattore di leva:* i Titoli con tassi di interesse variabili possono essere investimenti volatili. Se sono strutturati per includere moltiplicatori o altri fattori di leva, o *cap* o *floor*, o qualsiasi combinazione di tali caratteristiche o altre caratteristiche simili, i loro valori di mercato possono essere ancora più volatili di quelli per i titoli che non includono tali caratteristiche. Tale volatilità può avere un effetto negativo materiale sul valore e sul rendimento dei Titoli.
- Poiché gli importi pagabili ai sensi dei Titoli sono soggetti a un limite massimo, la sua capacità di partecipare a qualsiasi variazione del valore del relativo tasso di interesse nel corso della durata dei Titoli sarà limitata, indipendentemente da quanto il relativo valore aumenti. Di conseguenza, il valore o il rendimento dei Titoli potrebbe essere significativamente inferiore rispetto a quello che si avrebbe se limite non fosse stato applicato o se avesse acquistato un altro prodotto non soggetto al limite.
- *Rischio di credito:* Gli obblighi dell'Emittente ai sensi dei Titoli rappresentano obblighi contrattuali generali per ciascuna rispettiva entità e nessun altro soggetto. Di conseguenza, i pagamenti effettuati ai sensi dei Titoli sono esposti al rischio di credito dell'Emittente. I portatori di Titoli non potranno fare ricorso ad alcuna attività garantita dell'Emittente nel caso in cui l'Emittente non sia in grado di soddisfare gli obblighi che ad esso competono ai sensi dei Titoli, neanche in caso di insolvenza, e quindi rischiano di perdere una parte o la totalità del proprio investimento.
- *Rischio di mercato:* I Titoli potrebbero non avere un mercato di negoziazione consolidato al momento dell'emissione e tale mercato potrebbe non svilupparsi mai. Di conseguenza, gli investitori devono essere pronti a detenere i Titoli fino alla scadenza. Qualora un mercato si sviluppasse, potrebbe non essere molto liquido. Di conseguenza, l'investitore potrebbe incontrare difficoltà a vendere facilmente i propri Titoli o potrebbe non riuscirci affatto o potrebbe non essere in grado di venderli a prezzi pari o superiori all'investimento iniziale o, ancora,

<p>tale prezzo potrebbe essere sostanzialmente inferiore al prezzo di acquisto originale. L'illiquidità può incidere in misura particolarmente negativa sul valore di mercato dei Titoli.</p>
<ul style="list-style-type: none"> Alcuni tassi di base, incluso EURIBOR, sono oggetto di esame e riforma normativa nazionale e internazionale in corso e qualsiasi riforma e/o eventuale sostituzione con tassi privi di rischio può far sì che il tasso pertinente si comporti diversamente dal passato, scompaia o abbia altre conseguenze non prevedibili. A seguito del verificarsi di qualsiasi modifica sostanziale di qualsiasi tasso di riferimento o di eventi che incidono sulle autorizzazioni o licenze o se il tasso di riferimento non è più rappresentativo del mercato di riferimento, i termini dei Titoli possono essere modificati per tener conto di tale evento, il che può comportare un rendimento inferiore dei Titoli, o i Titoli possono essere rimborsate anticipatamente.
<ul style="list-style-type: none"> <i>Rimborso anticipato:</i> In determinate circostanze (ad esempio, a seguito di un evento di default o per motivi fiscali o di illegalità), i Titoli possono essere rimborsati anticipatamente. Se i Titoli sono rimborsate anticipatamente, l'importo pagato potrebbe essere inferiore al vostro investimento iniziale e potreste pertanto subire una perdita.

Processo di Selezione e Valutazione dei Social Finance Asset idonei

Il team specializzato in *Social Finance* del Gruppo esaminerà gli *assets* per verificare che soddisfino i Criteri di Idoneità di *Social Finance* e identificherà un *Social Finance Asset Portfolio* unico per il valore nominale complessivo dei titoli emessi durante un determinato periodo di riferimento che sono destinati ad essere utilizzati per i *Social Finance Assets (Social Finance Bonds)*. Una volta vagliato, i *Social Finance Assets* verranno aggiunti al pertinente *Social Finance Asset Portfolio*. Il processo di selezione per i *Social Finance Assets* tiene conto se la potenzialmente idonea attività soddisfa i criteri per l'inclusione nel *Social Finance Asset Portfolio*. Se l'investimento del Gruppo in qualsiasi *asset* in qualsiasi *Social Finance Asset Portfolio* viene terminato o se un *asset* non soddisfa più i Criteri di Idoneità del *Social Finance Asset Portfolio* o soddisfa uno qualsiasi dei Criteri di Esclusione, il team di *Social Finance* rimuoverà tale attività dal pertinente *Social Finance Asset Portfolio* e potrà includere ulteriori *asset* idonei in un *Social Finance Asset Portfolio*.
